The Proponent shall be responsible for all damages, losses, or expenses caused by it, its employees, agents, volunteers and sub-contractors that arise out of the work associated with the project. This may be due to the existence, location, condition of work relating to the project, to any materials, plant or machinery used for the project, or which may happen by reason of the successful Proponent's failure (or the failure of those for whom it is responsible) to do or perform any or all of the things required to be done by them under the Proposal. The successful Proponent agrees to indemnify and hold the Municipality harmless from any such damages, losses, or expenses, or claims by third parties, including any and all legal costs incurred by the Municipality in connection.

### **15. Termination for Cause**

The Municipality retains the right to terminate the Agreement with the successful Proponent at any time, in whole or in part, if the work is not performed in strict accordance with the Agreement. ### **18. Conflict of Interest**

In its Proposal, the Proponent must disclose to the Municipality any possible conflict of interest that might compromise the project. This applies to actual conflicts of interest, and also to circumstances that might lead an ordinary person to believe that a conflict of interest exists, even if it does not. If a conflict of interest exists or appears to exist, the Municipality may, at its discretion, refuse to consider the Proposal. If the Proponent becomes aware of a possible real or apparent conflict of interest after it has submitted its Proposal but before the selection process has been completed, that Proponent must inform the Municipality by contacting the individual identified in Section 2.

### **19. Negotiations**

Each Proponent must prepare its Proposal with the understanding that the Municipality may select the successful Proponent on the basis of the Proposals received, without discussion. Each Proposal should contain the Proponent's best terms and information, including all required documents as listed. The Municipality reserves the right to enter into negotiations with any Proponent. If the Municipality and a Proponent cannot negotiate a successful agreement, the Municipality may terminate the negotiations and begin negotiations with another Proponent. This process may continue until an agreement has been executed or all Proponents have been rejected. No Proponent shall have any rights against the Municipality arising from negotiations.

PART IV

## **Terms of Reference**

As a result of new legislative amendments to the *Police Services Act*, every Ontario municipality is mandated to prepare and adopt a Community Safety and Well-Being Plan (*hereinafter referred to as CSWB*) by January 1, 2021. As neighbouring municipalities, the Municipality of Red Lake and the Township of Ear Falls will be collaborating to create a joint Community Safety and Well-Being Plan that meets the needs of both municipalities.

In preparation of the CSWB plan, a multi-sectoral Advisory Committee is required from the following sectors:

- Health and Mental Health Services
- Educational Services
- Community and Social Services
- Community and Social Services to Children or Youth
- Custodial Services to Children or Youth
- Municipal Council Member or Municipal Employee
- Police Service Board or Detachment Commander

The Municipality of Red Lake and the Township of Ear Falls held an Information Session with the proposed membership to the CSWB Advisory Committee on December 6, 2019. It is the intent that the respective Councils of the Municipality of Red Lake and the Township of Ear Falls will formerly establish a CSWB Advisory Committee by February 2020.

In addition to consultation with CSWB Advisory Committee, at a minimum, members of the public, including youth, members of racialized groups and of First Nations, Metis and Inuit communities, as well as community organizations that represent these groups must also be consulted, as part of the CSWB development process.

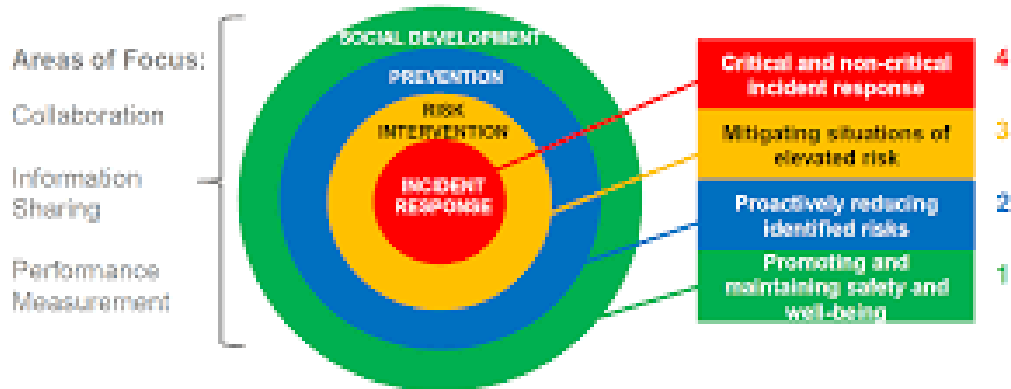

The CSWB plan must contain the following content:

- Identify priority risk factors (e.g. without limitation, systemic discrimination and other social factors that contribute to crime, victimization, addiction, drug overdose and suicide);
- Identify strategies to reduce the prioritized risk factors (e.g. new services, changing/coordinating services); and
- Set measurable outcomes

The CSWB plan must be published 30 days after the plan is adopted online, in print for review by anyone who requests it, and in any other form determined by the municipalities. Additional regulations prescribing requirements related to monitoring, evaluating, reporting and plan review will be outlined at a later date by government.

The CSWB planning framework is as follows:

## Community Safety and Well-Being Planning Framework

It is crucial for all members involved in the planning process to understand the following four (4) areas to ensure local plans are efficient and effective as possible in making communities safer and healthier:

1. Social Development
2. Prevent
3. Risk Intervention
4. Incident Response

The province has identified the following seven (7) critical success factors to ensure the success of the Community Safety and Well-Being Plan:

1. Strength-based (leveraging existing resources, programs and services in the community)
2. Risk-focused (risk-focused planning rather than incident-driven)

3. Awareness and Understanding (ensuring all community members understand the benefit of, and their role in, the CSWB planning)
4. Highest Level of Commitment (buy-in from individuals of influence (ie. political leaders, decision makers to champion the cause)
5. Effective Partnerships (creating meaningful, integrated partnerships across multiple sectors)
6. Evidence & Evaluation (using research and data to inform the planning process)
7. Cultural Responsiveness (effectively interacting with, and responding to, the needs of diverse groups of people in the community)

### Resources for Data Collection

As a starting point, in addition to the CSWB Advisory Committee, the consultant will be able to draw upon the following existing community resources as data sources:

CIRCLE Situation Table

OPP Risk-Driven Tracking Database (RTD)

Mobile Crisis Response System

Community Agencies/Organizations

### Deliverables

The Municipality of Red Lake and the Township of Ear Falls are looking to select a qualified proponent to work with the municipalities to lead the Community Safety and Well-Being planning process and ensure a critical path to successful implementation is established. The scope of work will include, but may not be limited to:

- Develop a joint Community Safety and Well-Being Plan for the Municipality of Red Lake and the Township of Ear Falls in an electronic format
- Support the CSWB Advisory Committee in its leadership role
- Meet with the CSWB Advisory Committee to develop a work plan for the development of the CSWB plan
- Conduct two (2) public engagement sessions: one (1) public engagement session in the community of Red Lake and one (1) public engagement session in the community of Ear Falls; and develop one (1) on-line public survey for distribution in each municipality in order to obtain input on Community Safety and Well-Being from members of the public, to include the legislated stakeholder groups, as previously identified.
